

Release Notes: MX Portal V1.6

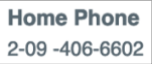

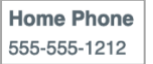

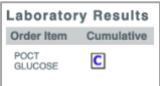

The MX portal was upgraded on 2/23/19. Below are the release notes for version V1.6.

TABLE 1: SUMMARY OF CHANGES

Item Number	Summary	Description
1	Data Defect – Demographics: Incorrect phone number format	Phone number is now displayed in a standardized format
2	Data Defect – Documents	Lab results are displayed in the Labs tab
2.1	Data Defect – Documents	Documents do not contain extra escape characters in the Notes field
3	Data Defect – Allergy Icon	The allergy icon is not displayed in the patient search results when the only allergy listed in the medical record is “No Known Allergies”
4	Enhancement Request: Hospital Service full description	The Hospital Service displays the full description in the Encounters tab

The following table presents a comparison between the previous version (V1.5) and the new version (V1.6).
